Dear Grand Jury Foreperson Cowley:

Thank you for the 2007/2008 Grand Jury Report specific to the Public Guardian function of Human Services. Even though a formal response is not required, I would like to comment on the recommendation to have a locked file cabinet to secure the confidentiality of files. We appreciate your recommendation, and as of April 1, 2008, have complied with securing the files in a locked file cabinet. Thank you for your attention to our operations and function as Public Guardian to our Siskiyou County citizens.

Sincerely,

Michael Noda  
Director of Human Services
